HCLSoftware

People Power Your Business, Connections Powers Your People.

HCL **Connections**

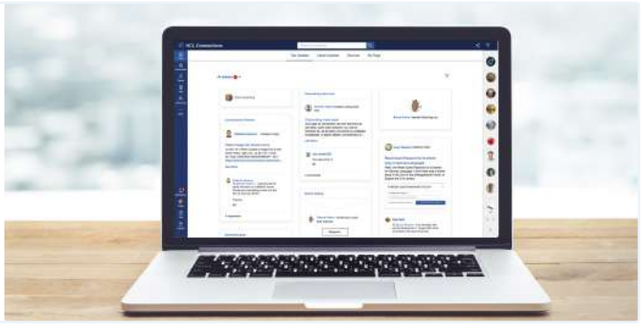
Connections delivers a collaborative platform that keeps your employees connected and engaged. Connections helps create a personalized, well-designed, digital office with role-based content and tools to keep your teams focused on achieving business objectives.

Collaboration is about people –not content

Connections puts people at the center of everything so you can easily connect with your network to get work done.

Never miss a beat

Your homepage brings to you the most relevant events, notifications, and apps – straight to your desktop or mobile.



Create flexible workspaces

Communities organize your teams and content around common goals or projects to get work done faster.

Always use the right tool for the right job

Your toolkit enables information sharing, content editing, task management and integrates seamlessly with Microsoft 365®.

HCL Connections

Drive results with a collaborative platform that keeps your employees connected and engaged.

Key Business Features	Benefits
Build out your network and locate experts	Quickly find the answers you need while unlocking the full potential of your business network.
Create compelling Communities from scratch or utilize existing templates	Bring everyone together in purpose-built Communities to get real work done. Get teams and projects up and running 80% faster with new, easy-to-use templates.
